

Rainforest Coding Activity Help Sheets

module 1

activity 1

Doctor Han's Drone

1

1) For most of the activities in this adventure you will need to drag the code blocks to the shape outlines on the code line.

2) Follow the instructions to add a 'take off' block and a 'frog sound' block.

Then press the green flag button.

2

3

3) You need to remember the order the three snakes appear.

4

4) Drag the snake blocks to the code line and the back from the code line to match the order the snakes appear.

5

5) You can keep trying your code by pressing the green flag button.
